DISTURBANCES HAVE STOPPED IN TOKIO

No Disorders Occur During the Night, Says Report.

WORKING TO CHECK RIOTING

Political Leaders Are Counseling the People To Be Quiet and Urge Government to Call an Immediate Session of the Diet.

Tokio, Sept. 9.—The city is quiet this morning. No serious disorders were reported anywhere during the night.

Tokio, Sept. 7.—9 p. m.—(Delayed in Transmission.)—Strong influences are working toward calming popular excitement and checking the rioting. The opinion is expressed tonight that the worst violence has passed and that the conditions will speedily mend.

General Sakumo, who assumed the charge of the capital today under the authority of the emergency ordinance, has in his proclamation created a good impression owing to the conciliatory tone in which it is expressed, and its note of firmness in declaring that the soldiery will resort to extreme measures if forced to do so. He has refrained from making a heavy display of military force in the city, having only detailed guards to preserve order, holding the main garrison of reserves at the barracks from when he will only call them when forced to. The municipality has also greatly relieved the situation by cancelling a mass meeting called at Hibaya park, which is the rallying ground for the elements of disorder.

Political leaders are counselling the people to remain quiet and conferring with the government urging speedy calling of a special session of the diet.

Many belive that the issuance of the summons for the special session of the diet will fully restore tranquility among the public. The report that trouble has spread at Chiba, forty miles distant from Tokio, has been partly confirmed.

It seems certain that the police station was destroyed, but the destruction of the prefectural office and court house is not confirmed. Japanese representatives of the Associated Press who have been watching the rioting report that the character of the crowd has changed materially of late. They say that earlier in the trouble thousands of responsible citizens joined in the rioting, but that now the crowd is largely formed from the disreputable classes, students and young rowdies. The day has been quiet in Tokio and no trouble is expected tonight.

A heavy rain began to fall at dusk which drove the majority off the streets and indoors.

French Legation Under Guard.

Paris, Sept. 9.—The foreign office has received a dispatch from Tokio saying that the French legation is guarded by 80 soldiers and that the security of the personnel of the legation is not considered in danger. Measures have also been taken to protect the French religious establishments in Tokio.

Fire in Tobacco Factory.

Danville, Va., Sept. 9.—Fire in the tobacco district today destroyed three buildings entailing a loss which will exceed $100,000. The principal losers were J. B. Anderson & Co., C. C. Dula, of New York, Chalmers Peterson and Mrs. Allen Patton. A warehouse was demolished by a failing wall. The losses are partially covered by insurance.

Paper in Receiver's Hands.

Asheville, N. C., Sept. 9.—The Salisbury Evening Sun has been placed in the hands of receivers upon application of William L. Gepper, manager of the publication. P. S. Carlton has been named as receiver and the publication of the paper began today. C. [illegible]

WITTE PRAISES AMERICANS.

Declares Russia and United States Greatest Contries in World.

New York, Sept. 9.—"America and Russia are almost like the far-famed Siamese twins," said Sergius Witte, the Russian peace envoy in an interview published today by the Herald. "The two great countries of the world," he continued, 'are Russia and the United States. They are the two great countries of the world, because they both produce men and material. This is the secret of any nation's success."

Asked if he thought Russia's commercial condition had been bettered or injured by the war, Mr. Witte said:

"Russia is better now than she ever was. After the war she will get on her feet again and when she gets on her feet it will be a firm and strong position that she takes. We have the men, the money and the people. We have the greatest undeveloped country that exists. Our climate ranges from the tropics to the arctic.

"It is a very delightful thing to have a country so much like our own to step in and act as the intermediary. I do not care to speak about the trouble or the future results. That is a matter which is entirely diplomatic and official, but I do feel very great kindness for the American people outside of all official relations. We came here as friends, and we were received as guests. We are still in that delightful condition."

"Russia," said the envoy, in discussing the reports of internal troubles there, "is a much misunderstood country in America. America is so far away, so remote in all the possibilities of our national life, that exaggerated reports become current here. It also happens that we of Russia have erroneous reports about the United States. We are told of your lynchings, your riots, your popular uprisings. In St. Petersburg we appear to your statesmen here in the same position. Still, I think it is only fair to look at the two troubles in social economics with an eye-glass which reaches 5,000 miles. I certainly do not intend to state that the Russia civil life is perfect. I presume you do not intend to state that the civil life of America is perfect. We both have our faults. We both, I trust, are striving to overcome or obviate them."

BERLIN FIGHTING PLAGUE.

Sanitary State of Sieze Exists in Germany's Capital.

Berlin, Sept. 9.—A sort of sanitary state of siege exists in the district that now extends from the River Odor northeastward to the Russian border, about 250 miles and from Uantzig to Grodzisco, south of Posen, about 150 miles. But it is a state of siege in which all the inhabitants are auxiliaries of the medical authorities and the only enemy is the terrifying cholera bacillus which is travelling in the streams or moving slowly overland from one locality to another attached to articles of use or in the system of persons.

The only friends of the bacillus, the doctors, proclaim is ignorance, and they say to the thick popalations of this region: "If you do not want to die, do as we say. Do not bathe in the rivers. Death is there. Do not hide from us the suspicious illnesses of the members of your families for fear we may take them away to a hospital and put all who have been near the sick person under irksome observation. Do not be afraid and get into a panic."

Gaynor and Greene's Trial.

Montreal, Sept. 9.—Arguments in the Gaynor and Greene habeas corpus proceedings were concluded Thursday. Donald MacMaster, acting for the United States government, argued that Mr. Taschereau's contention that the committal is valueless because the offenses named are contradictory, is not sound. Mr. MacMaster cited precedents showing it has been held in Great Britain, that it is within the powers of a judge hearing habeas corpus proceedings to restrict the offenses named in the commitial, the intent not being to set obtacles in the way of extradition, but at the same time to protect the rights of the person sought to be extradited.

MISQUITOES WORSE THAN YELLOW JACK

The Little Pests Greatly Worry New Orleans Citizens.

22 NEW CASES; TWO DEATHS

The Condition of the Fever in the Country Districts Is Steadily Growing Better and New Orleans Has the Plague Under Control.

New Orleans, Sept. 9.—Up to noon today there were 22 cases of yellow fever and two deaths.

New Orleans, Sept. 9.—With only one death reported early today and the normal number of cases from the early morning report of the physicians, the yellow fever situation continued to bear a favorable aspect here today. The death occurred yesterday but the certificate was issued too late to be included in yesterday's total.

Dr. Brady returned today from a trip to Plaquemines parish. He found thre cases of yellow fever at Woodland, a settlement of 300 people, about 25 miles below New Orleans.

Previously there had been one death and there were nine convalescents. The infestion came from the DuMaine street district in New Orleans.

Fair weather prevailed today and the forecast was for its continuance. There was a rising temperature.

Busy Killing Mosquitoes.

Though many have disapeared enough of the solicitans mosquitoes, which invaded the city two days ago, remain to make life intensely disagreeable, the insects constituting more of plague than the fever itself. The reason given for the stay of this mosquito is that all the salt and oil has been washed from the gutters by the recent excessive rains and the weather being still too unsettled to permit of doing the work over again. While, however, the whole city has been made miserable, Health Officer Kohnke looks upon the matter philosophically.

"I believe," he said, "that the salt marsh mosquito has been blown in upon us for a special purpose to make us fumigate and kill him. He will not last more than ten days."

Conditions in the Country.

Conditions in the country show improvement here and there. No new points of infection have been reported and the disease is being held in check or wiped out in other sections. There has been no recrudescence at Bayne, Shreveport or Bon Ami, and there are no new cases at Bunkie or Alexandria. Tallulah, Lake Providence, Patterson and Leeville are now the points most infected.

Dr. Tichenor reports that there are 37 positive cases at Tallulah, that the infection is distributed all over the town, that the condition is serious and that it will take strenuous efforts and prompt assistance to stamp out the disease. A reassuring factor at Tallulah, however, is that the disease has shown no signs of Great virulence.

At Leeville the average of new cases eighteen days ago was 12. It is now four.

At Leeville 16 persons who have not yet had the fever, so that the material for new cases is not abundant. At Patterson while there is a batch of new cases daily, the doctors have be taught so well how to handle them that most of them are recovering.

At the beginning of the campagn here it was stated by the official fever fighters that the stegomyia was to be feared principally during the daylight hours, biting seldom at night. Health Officer Kohnke, however, made thi simportant statement today:

"The stegomyia is a day mosquito, but it has recently been discovered that shortly after the twelve days' infection it also becomes a night mosquito and bites at night. We did not know this until very recently."

In connection with the investigations that have been in progress here concerning the origin of yellow fever, Professor Beyer, who was a member of the United States commission which made the experiments at Vera Cruz, made an important announcement today.

"I believe we are about on the road to the discovery of the cause of yellow fever," said Professor Beyer.

Camps Have Become Useless.

With regard to the closing of the detention camps, Dr. White has given the following to the press:

"I wish to say that the usefulness of these camps has almost entirely ceased, because of the refusal of local boards of health to admit parties even after they had spent the full period in a detention camp, and it is manifestly irrational to expend time and money in detaining people who would not be allowed to enter places to which they might wish to go."

No Fever at Corinth, Miss.

Jackson, Miss., Sept. 9.—Secretary Hunter of the state board of health, this morning received a telegram from the expert sent to Corinth last night to examine the suspicious case of fever there, saying that it was malarial and not yellow fever.

Tennessee Troops Go Home.

Tracy City, Tenn., Sept. 9.—The larger portion of the Third Tennessee regiment companies now here will begin the homeward movement Friday. Orders to that effects have been issued by Colonel C. F. Spence. A detachment of men sufficient to meet any ordinary emergency will remain here and will maintain the camp in such shape that it will accommodate 1,000 men in instant call, should they be needed here again. The regiment has been at Tracy City since Aug. 28 having been ordered there in anticipation of riating in consequence of the work of assassins on Aug. 24., when an attempt was made to reopen non-union coal mines there, and two men were killed.

Typothetae Commences Fight.

Niagara Falls, N. Y., Sept. 9.—The United Typothetae of America has unanimously adopted a resolution by which its members pledge themselves singly and collectively to resist any movement on the part of the International Typographical union to bring about an 8-hour day. The resolution as adopted maintains the right of each member to keep open shop. The use of the union label was counselled against, and members were urged to refuse to use it. Some members of the Typothetae say they will begin the struggle with the Typographical union by throwing their shops open immediately.

Completing Work on Road.

Bowden, Ga., Sept. 9.—Colonel L. B. Parker, president of the Bremen and Southwestern railroad, authorizes the statement that the contract has been let for the completion of the work on the road to the Missouri Construction company, of which C. W. McCrea is vice president and general manager and the work is to be finished to this place by Dec. 10. Mr. McCrea, with a large force of hands, teams and working equipment, is completing a contract on the Atlantic and Birmingham, is located at Oglethorpe and expects to remain in this part of the country as long as he can get work.

Naphtha Works Are Burned.

Tiflis, Caucasia, Sept. 9.—All the naphtha works at Baku have burned and all the factories and works there are closed. The military authorities are hastening measures to cope with the desperate situation at Baku. Artillery has been dispatched from here by special trains. Prices of benzine kerosene and their residues have risen enormously. The present supplies will be exhausted in a few days. The Tartar movement in northern [illegible] is said to be directed principally against the government.

Frenchman Ordered to Leave.

Caracas, Sept. 9.—The following governmental decree was issue Thursday: "Whereas, M. Brun, manager of the French Cable company, has protested before the national government against the decree closing the overland and coast offices of the company; and, whereas, this action shows that M. Brun is ignoring the laws of the republic, the president decrees that the said M. Brun be expelled from the territory of the republic."

EARTHQUAKE KILLS SEVERAL HUNDRED

Many Towns Are Destroyed In An Italian Province.

SHOCK LASTED FOR 18 SECONDS

Entire Villages and Inhabitants Have Been Wiped Out—Troops Have Now Gone to Scene of Disasters to Help the Distressed.

Rome, Sept. 9.—Details of the earthquake in Calabria indicate a enormous disaster. The known dead to the present time number [illegible] dition many persons are injured. Entire villages have been destroyed.

Catanzaro, Province of [illegible] Italy, Sept. 9.—A violent earthquake at 2:55 o'clock this morning caused serious loss of life and wide-spread destruction in the Calabria. The towns of Pizzo, Monteleone di Calabria and Martirano were almost entirely destroyed.

At Monteleona di Calabria [illegible] persons were killed outright and many were injured by the collapse of the prison there. The Pizzo district is said to be almost entirely destroyed.

Locally, the shocks lasted [illegible] onds. The walls of the hospital collapsed and some of the patients were injured. The inhabitants of the town fled panic stricken from their houses.

Grave news continues to arrive from Pizzo, Monteleone di Calabria and Martirano. There are numerous aftershocks. It was hoped the death list of Nicaristro escaped, but that town has been seriously affected.

Troops have arrived at the scene of the disaster to help in the work of salvage.

Several Villages Destroyed.

Cantanzaro, Italy, Sept. 9.—A [illegible] houses at Stefaconi have been wrecked by earthquakes. It is feared that a hundred people are buried in the ruins. The villages of Pizzo and Triparni have been destroyed.

FATHER'S HEROISM IS FUTILE

Attempted to Save His Two Children From Fire and All Perished.

New York, Sept. 9.—While trying to save his two children, a son and daughter, both under ten years of age, from a fire in a crowded tenement building, in East Seventy-first street early today, Antonio Colletto and his two children were suffocated by the smoke.

The body of the father was found in the hall way on the fifth floor and the bodies of the children were in his arms.

Colletto had already helped [illegible] his invalid wife to the roof where she escaped to an adjoining building.

There were 24 Italian families in the building, and all of them were said to be asleep when the fire began in the basement and spreading to the hallway on the first floor, cut off all escape from the floors above. A policeman awakened the sleeping tenants, who escaped down the fire escapes in the front and rear of the building.

Fairbanks Visits Roosevelt.

Oyster Bay, L. I., Sept. 9.—Vice President Fairbanks was a guest today of the president and Mrs. Roosevelt, at Sagamore Hill. The vice president had arranged to come to Oyster Bay accompanied by Mrs. Fairbanks, but owing to a sudden temporary disposition of Mrs. Fairbanks she was unable to make the trip. The vice president was met at the railroad station by a confidential messenger of the president. He was a guest at the president's home at luncheon.

Home for Letter Carriers.

Portland, Ore., Sept. 9.—A home for the members of the Letter Carriers association who may become victims of tuberculosis will be erected at Colorado Springs, Colo., the people of that city having donated a site of 160 acres of land adjoining the Children's [illegible]

LIBRARY CONTEST LOSING INTEREST

Merchants Are Not Making An Effort to Push It.

KIRBY SMITH IS WAY AHEAD

The Two Leaders Are the Only Ones in the Race Now—Five More Weeks Before the Close—The Elks Got Seven Votes This Week.

The voting in the Library Contest the past week has not been very animated, although the two leaders advanced considerable. The merchants are not very enthusiastic at present, and this week several voting places have not sent in their returns, and they are the ones that generally roll up a good vote for the Odd Fellows' Home.

The report also shows a small gain for the Earnest Workers, who have done well heretofore, while the Union Academy and High School made a poor showing.

Following is the total vote up to date:

Kirby Smith Chapter	141,229
Odd Fellows' Home	91,324
Earnest Workers	40,476
Union Academy	7,137
High School	5,666
Knights of Pythias	2,586
Masons	1,450
Elks	1,297

MUST HAVE CERTIFICATES.

Passengers Without Necessary Papers Experience Much Trouble.

William Winner of Chicago, who has been in Gainesville so long he good-naturedly admits that he is almost entitled to the term "Cracker," has returned from a short business trip to Jacksonville.

Mr. Winner states that to save embarrassment and inconvenience all passengers traveling towards Jacksonville now should provide themselves with a health certificate. "The health officer boards the train at Baldwin," he continued, "and if a fellow is not well known and cannot show a clean bill of health he is sure to be dumped off at that point, for he will not be permitted to enter Jacksonville. Had it not been for my friend, J. B. McDonald, with whom the officer was personally acquainted, vouching for the fact that I had not been affected with yellow fever or small-pox or any other contagious disease for ten days past, and that I was a citizen of Gainesville 'in good standing,' I would certainly have been turned back, and I feel very grateful that my friend McDonald was present and volunteered to vouch for me."

Mr. Winner says the authorities are very strict along this line.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

The Chronic Croaker.

Editor Sun: A chief nuisance of a farming section is a chronic "croaker." He is found everywhere, and his business in life is to throw a damper over all things and everybody. He in general possesses all the knowledge about everybody and everything in his neighborhood, and the reason the grass grows in his own field is because he spends too much time looking into and discussing his neighbors' affairs. He always has a reason or an excuse for his own misfortunes, and can pile you up calamity howls mountain high.

A good sample of this pestilent class is among ourselves, and he is greatly disappointed when the results of his prediction turns out the reverse. "Live and let live" is good advice to him.

W. D. Markham, a cattleman of Romeo, Marion county, who has been in this city and section for the past three or four days purchasing cattle for the Cuban market, returned to his home yesterday. Mr. Markham has made several consignments of cattle to the island of Cuba with success and is now collecting another herd for export.

Attention is called to the change of advertisement of Geo. W. Hyde, "The Big Store," which appears elsewhere in this issue. This progressive merchant advertises that he will inaugurate the fall season with a special shirt waist suit silk sale, and offers some attractive goods at prices worth considering. The five and ten-cent counters of summer fabrics still contain some rare bargains.

Mr. and Mrs. W. M. Dale are now happy, in consequence of moving into their elegant new home, East Main street N., recently completed. This home contains eight large rooms, exclusive of reception halls and bath room, and is one of the neatest, most modern and conveniently arranged in the city. Mr. and Mrs. Dale have a right to feel proud of their new home, and friends are extending congratulations.

Captain W. T. Whitney of Fernandina, a graduate of East Florida Seminary, after a visit to friends here, has gone to Ocala to spend a few days with Guy Zewadski, his old schoolmate. Friends of Captian Whitney will be pleased to learn that he has decided to enter the profession of teaching in Alachua county, and has been assigned the principalship of the Newberry school, with Miss Cylla Kennedy as assistant. The school will open September 18.

John Entenza, the cigar manufacturer of Waldo, was in the city for a few hours yesterday. He was en route home from High Springs and other points, where he has been in the interest of his goods, and reports encouraging trade. Mr. Entenza, who is a commissioner of the Alachua County Fair Association, states that considerable interest is being manifested in the State Fair in his section, which is growing every day. He proposes to send to the State Fair a fine exhibit of the products of his factory.

Mrs. Maretta C. Brooks, teacher of experience, and of the most modern methods, wishes to form classes in piano, organ, technique, modulation, phrashing, voice culture, and the art of singing. Special attention given to the healthful development of the body, which the thorough study of voice culture insures. Foundation work given to small classes at reasonable rates. References: Rev. S. B. MOZLEY'S LEMON ELIXIR

REGULATES THE
LIVER,
STOMACH,
BOWELS,
KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

MOZLEY'S LEMON ELIXIR.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." Sold by W. M. Johnson.

Attention, Odd Fellows.

The regular weekly meeting of Center Lodge No. 11, I. O. O. F., will be held at the lodge room over Dutton's bank Monday evening. A full attendance is desired, and visiting brothers will be gladly welcomed.

J. G. TORREY, Sec.

THE WALDO SCHOOL.

It Will Open Monday, With Prospects of Successful Term.

The Waldo school will open for the fall term on Monday, and indications point to a large attendance.

The school the coming term will be in excellent hands, the faculty being among the most efficient and popular teachers of the county. Prof. Joseph Henderson Coffee, who conducted the school last year, has been retained as principal, and will have as assistants Misses Edith Baird, Elsie V. Smith, Claudia Ambrose and Nora K. Knoblock.

The average attendance of the Waldo school last year was as high as any in the county, and Prof. Coffee anticipates the same result the coming term.

Scholarship Appointments.

At the regular meeting of the school board, held Tuesday, the board awarded the honorary scholarship to the Florida Female College to Miss Gertrude Westgaard, while H. Clay Parker of LaCrosse, son of Captain H. C. Parker, was appointed to the scholarship of the University of Flarida.

These scholarships were awarded under the provisions of the Buckman law, which allows each county an honorary scholarship in the Florida Female College and the University of Florida.

Friends of the young people congratulate them upon receiving the appointments.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

TEXAS MOB BURNS NEGRO.

He Confessed to Outrage on Prominent White Woman.

Waxahachie, Tex., Sept. 9.—Steve Davis, a young negro, who confessed to outraging Mrs. S. P. Norris, aged 20, last Saturday night, was burned here.

A mob consisting of 2,500 persons tied the negro to a piece of gas pipe that had been driven into the ground, piled fagots around him and set the mass of brush on fire.

The sufferings of the negro were of short duration, owing ta the fierceness of the fire, which was fanned by a gale of wind which blew across the prairie.

The husband of the woman is said to have applied the lighted match to the tinder and started the blaze that consumed the negro.

Davis was arrested last Tuesday and taken before the woman, who at that time was not sure it was he. She had been desperately ill from her ordeal. Later he was again taken before the woman, who on sight of him fainted.

When she revived she identified him, and his fate was sealed. The negro finally confessed, detailing the crime.

This is the third negro that has been burned at the stake in this section of Texas, within a short time. One of these was lynched at Sulphur Springs and another at Waco.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

Big Building Gutted By Fire.

Cleveland, O., Sept. 9.—The seven story power building at 29-31 Michigan street, owned by William and E. J. Kershaw, and occupied by a number of manufacturing concerns, was gutted by fire today. The Schaffer and Decker power building adjoining, was also damaged. The losses will aggregate $100,000, partially covered by insurance.

Cured of Lame Back After 15 Years of Suffering.

"I had been troubled with lame back for fifteen years and found complete recovery in the use of Chamberlain's Pain Balm," says John G. Busher, Gillam, Ind. This liniment is also without an equal for sprains and bruises. It is for sale by all druggists.

Ayer's Cherry Pectoral.

Doctors have prescribed this medicine for over sixty years. They heartily endorse it for all diseases of the throat and lungs, coughs, colds, bronchitis.

Orlando is beginning to slick up already for the encampment there October 8th.

The Hazill Manufacturing Company of Palatka will soon have a new and large factory.

The total taxable property of Dade county is $6,908,065.84, a million and a half over last year.

The Alcazar hotel at St. Augustine will open December 9th. The other East Coast hotels will follow suit.

Orlando lacks $175 to pay for the 4th of July blow-out. The fellows found it easier to put down than put up.

A Montclair yearling calf died of a broken heart, it is stated. It pined away because it could not get to its mother. Perhaps it was from lack of food.

The Ocala Star says that the W. C. T. U. must wait until the noses are counted to see whether there are enough names secured to call the wet or dry election.

Nell Lane and Rachael Baldwin were united in marriage at Sumter by Miss Sinclair, a notary public of Ocala, Tuesday. It is not stated whether the notary kissed the groom.

Henrietta Matthews and Bertha Mc- of Jacksonville, both of them of inky hue, have been arrested on a charge of burglary. They had been doing a wholesale business.

The residence of T. B. Walker in Jacksonville was visited by sneak thieves Friday morning, who first enjoyed a smoke at Mr. Walker's expense and then took a valuable gold watch and departed.

Key West has about 8,000 of school age in the city and county of Monroe. Of the number 2,000 attend parochial schools and a like number attend the public schools, or would if they had room for them.

Isaac Hall of Rosewood, Levy county, was visited by Sheriff Walker a few days ago. Hall conducted a place for soft drinks, and had 100 pints of whisky in a barrel. He will explain to the circuit court.

Judge Gordon of Tampa on Wednesday fined nine policy gamblers for selling lottery tickets $500 each and costs and one year in the penitentiary. Later his sentence was suspended and a fine of $50 each imposed.

Dr. Hiram Byrd is now giving occasional lectures in Florida relative to the manner in which the mosquito bites. In this section the people have already as much knowledge as a lecturer could give. What they want is a remedy.—Quincy Times.

Dr. J. W. Jackson, a former resident of Miami, who had been confined in the insane asylum in Texas, was so roughly handled by the attendants who tried to control him when he became unmanageable that he died from the effects of his treatment.

Judge Pinnell filed suit Monday against Levy county for Marshall, Bruce & Co. This suit is for some things purchased by H. S. Sutton while he was sheriff. The county's records show this claim has been paid, but the system of burning the paid warrants instead of preserving them, and the practice the county treasurer has made of paying these warrants without requiring the payee to indorse them, will be the means of the county's having to pay it again.

New Smyrna is now more prosperous without a saloon than many other towns with saloons. There was a period of three or four years right after the freeze of 1895 when the town was at a stand still, but since that time it has been gradually going ahead, and now there are more buildings going up than in many towns where there are saloons, and we do not believe that the presence of a saloon would add a mite to its prosperity and growth.—New Smyrna Breeze.

The citizens of Tampa are determined to have a clean city and they are going at it in a practical and determined manner. A monster petition is being circulated for presentation to the city council at its next meeting asking that body to appropriate the amount of $5,000 for the purpose of employing a sanitary corps to thoroughly cleanse the municipality. Tampa is setting an example that might well be followed by other towns and cities in the South.—St. Augustine Record.

RHEUMATISM
COMMON IN SUMMER

The time to get rid of Rheumatism is in Summer while the blood is endeavoring to purge itself of all poisons and impurities, and the skin is active, with all the pores and glands open and able, in this way, to assist in the elimination.

Columbus, O., 1355 Mt. Vernon, Ave.
Six years ago I had a severe attack of Inflammatory Rheumatism, and the doctors I had did me no good. They changed medicine every week and nothing they prescribed seemed to help me. Finally I left off their medicine and began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my hands were so swollen and painful that I could not close them when opened. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and today I am a sound, well man and have never had a return of the disease.
B. H. CHAPMAN.

The inactivity of the Liver, Kidneys and Bowels causes the refuse matter to remain in the system, which, coming in contact with the different acids of the body, forms uric acid to be absorbed by the blood and distributed to the different joints and muscles, producing the pains, inflammation and other distressing symptoms of Rheumatism. The wandering pains of the disease remind the sufferer that the poison is still in the blood and he should lose no time in getting it out. S. S. S. neutralizes the acid and makes the blood rich and pure. It tones up every organ and cures the disease permanently. S. S. S. contains no harmful minerals to disagreeably affect the system, but while curing the disease builds up every part of the body by its fine tonic effect. Book on Rheumatism and any medical advice desired without charge.

A PAINFUL ACCIDENT.

Horse Ran Away, and J. I. Griffin Sustained Injury to Limb.

While Jesse I. Griffin and son were driving from their home, Jonesville, to Newberry, Wednesday, the horse attached to the buggy became frightened and ran away, almost demolishing the vehicle, and resulting in painful, if not serious injury to the elder Griffin.

Both occupants were thrown from the buggy, and in some manner Mr. Griffin sustained a broken or fractured leg, from the effects of which he is confined to his home. The young man escaped unhurt.

A Remedy Without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klote of Edma, Mo. For any disorder of the stomach, biliousness or constipation, these tablets are without a peer. For sale by all druggists.

An Ancient Letter.

One of the ancient curiosities to which our attention has been called recently was a letter of which E. E. Voyle is the author, dated September 2, 1873, which makes the document now in its thirty-third year. The letter was discovered in an old book in the possession of Dr. T. F. Thomas. It is printed on a small slip of paper, which is evidence that the author, who had just arrived from his home, Bristol, England, had printed a number to send to his friends across the sea. It says: "Gainesville, Alachua county, Florida, U. S. A., September 2, 1873. I arrived here all right and in good health. Found the thermometer at 90 in the shade. Golly! E. E. Voyle."

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

THE YELLOW FEVER.

Eleven New Cases in Pensacola—New Orleans List.

Pensacola, Sept. 9.—The outlook assumed a different aspect yesterday evening, when 11 new cases were reported. The forenoon was encouraging, but the doctors did not all report until late. The two additional deaths, making three and 28 cases, have caused many to leave town. A temporary hospital has been established. C. P. Winters of Harrison, Ohio, recently discharged at Fort Barrancas, was one of the victims.

At New Orleans.

New Orleans, Sept. 9.—From 6 p. m. yesterday to noon today there were 16 new cases and four deaths. The total number of cases to date, 2,237; total deaths, 309. Several new cases are reported from the country towns, and one death at Patterson.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average baldheaded man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innocculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

At the price today is the best and safest investment possible to make.

This mine is opened and ore on the dump. It is not an experiment, but a safe and sound investment.

With every $100 invested in stock we will issue a 3 per cent gold bond, insuring the investor from any possible chance of loss.

The gold bonds are as safe as Government Bonds.

We would like to hear from you if you could be interested in a first-class investment, absolutely safe, and one with the brightest prospects and future of any gold mine ever opened or discovered. It will bear the closest investigation and we would like to get you interested. Full particulars for the mere asking.

RIFE & COFFMAN,
Brokers, St. Clair Building, Marietta, Ohio.

Send us a postal for full information. Mines within 200 feet of the Emma have paid as high as 40 per cent in one year. Watch the Emma Mine and its dividends.

PRIVATE REFRIGERATORS TO GO

Advices come from Washington that private car lines owned by the packers will be driven out of business, as the result of the agitation against them and the investigation conducted by the Interstate Commerce Commission with a view of prosecuting them for violating the anti-rebate law, says The Farm and Stock Journal.

Notice has been served by the Commission on all the railroads which have exclusive contracts with private car lines, that the trunk lines will be held responsible by the government for the giving of reasonable rates where goods are transported in the cars of the private lines.

This notice seems to have had the desired effect, and several lines have announced that they will not renew their contracts with the private car lines, and that they will provide their own cars for the transportation of perishable products and that the icing charges will be reduced by about one-half. In view of these promises immunity from punishment has practically been promised the roads for past violations of law if they live up to the promises they have made regarding the establishment of their own lines and the reduced rates. If the fight against the private car lines is practically won, which is said to be the belief of the Commission, much has been accomplished for the producers of perishable products. It was the discrimination in rates for dressed carcasses that enabled the great packing houses to hold a complete monopoly of the butchering business. With a square deal in freight rates, independent and local packing establishments can be maintained, and the producers and consumers of meat will soon have the benefit of wholesome competition. The merits of the vigorous kickers will yet be recognized.

LET US BUILD.

The demand for residences was never greater in Gainesville than it is at present. There is hardly a vacant house in the city, if there can be found one. People are receiving letters from the North every day inquiring about houses to rent for the winter, and none are forthcoming.

A few days ago The Sun received a letter from a lady who wants to come here for the winter, but we could not give any information in regard to a house to live in or a boarding house. It would not cost much to let the people know that you wanted boarders, by inserting a small card in the paper, if a number would unite on such a plan. People want to come to Gainesville on account of its many advantages, yet they are compelled to go to other places simply because they can find no accommodations here.

The following appeal was handed The Sun a couple of days ago:

"To the property owners of Gainesville: We are writing letters to our friends in your city, trying to secure houses to live in when we come this winter. They say there are none. Won't you please build a few?

"Your friends,

"THE NORTHERN VISITORS."

The matter is up to those who have vacant lots and the money to build on them. The prices for rent will give a good rate of interest on the investment, and there is no doubt of the fact that in two years from now the demand will be as great as it is at the present time.

Are you one of those who embarrass young women by standing on the front streets and ogling at them as they pass by? If so, and you have some self-respect, you would cut it out at once if you knew what the conscious ladies thought of you.—Pensacola News.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

SUNSTROKES.

The reason why some don't succeed is that they have too much confidence.

Don't argue with a man who knows a thing is so and you are satisfied he doesn't know.

The milk of human kindness dispensed by some people would make a milk peddler blush—it's so thin.

People are not so particular about the coffee they buy being good, if the prize that goes with the package is worth the price.

Owing to the fact that bananas are barred and the crop of prunes small, boarding house sauce will be done up in small packages this season.

If we can only find out which one charges the extortionate rates—the railroads or the private car companies,—then we can punish them. But one says it is the other, and there you are.

There are many men who have not the right interpretation of the "knocker." The knocker and joker are sometimes confounded. Often a joke may be perpetrated by a person who would not stop to knock.

When you are worn out from work of any kind, a few moments' rest on a couch will revive you wonderfully. There is no article of furniture as useful as a couch, and more especially if you have grown-up-daughters.

The sixty-year-old chaps are some good after all, according to the following account of an old sea captain: "The other night Capt. Wade Bell, of the steam barge Taylor, fell overboard from his vessel twelve miles off shore near Laurel, Del. No one saw the Captain fall, and the noise of the machinery drowned his calls for help. Seeing that he was being left, the Captain took his bearings and struck out for shore, twelve miles away. After an hour he made out a lighthouse, which confirmed his reckoning, and he swam on bravely. Two hours more his feet touched the shingle and a wave rolled him up on the beath, exhausted but alive. After resting on the sand until daylight, he walked to a settlement and got something to eat. Does that look as if the man of sixty has no vitality left?"

HERBINE
TRADE MARK

The Popular Liver Medicine Will Keep You Well

A GUARANTEED CURE for all diseases produced by TORPID LIVER and IMPURE BLOOD. Do not fill your system with Arsenic, Calomel and Quinine. They act as rank poisons which vitiate the blood, debilitate the system, and leave a trail of bad symptoms which require years to obliterate. HERBINE is purely vegetable and contains no mineral or narcotic poisons, is absolutely harmless and is the simple remedy of nature. It carries off all poison in the system and leaves no injurious effects.

CURED BY HERBINE AFTER OTHER REMEDIES FAILED

Mr. L. A. Hicks, Iredell, Texas, says: "I was sick in bed for eight months with liver trouble, the doctor seemed to do me no good. I was told to try Herbine, and it cured me in a short time. I cannot recommend this wonderful medicine too highly."

STATE ORDERS QUARANTINE.

Atlanta Will Not Heed State Board of Health's Mandate.

Atlanta, Sept. 9.—If the state quarantine against infected territory, declared Thurday afternoon by the state board of health through its president Dr. W. F. Westmoreland, and its secretary, Dr. F. H. Harris, is being, enforced, nobody seems yet aware of the fact, and no information could be obtained Friday morning which tended to show that any steps had been taken to make the quarantine effective further than the issuance of the proclamation.

Dr. W. F. Westmoreland, the president of the state board, states that the general law makes all persons who undertake to come into the state without compliance with quarantine regulations liable, but he could not state whether inspectors had been employed nor when or where they would board trains and begin an inspection.

Atlanta's gates are open wide and refugees and travelers from every section are being welcomed to the city and promised the best of protection. Confident in her immunity from the dread yellow fever. Atlanta has sent out an invitation to the world to come here, and all persons who are able to run the gauntlet of the state quarantine may continue their passage into this city without molestation and with the assurance that when they get here they will be made perfectly at home.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Injunction Against Railroad.

Jackson, Miss., Sept. 9.—Judge Niles of the federal court has granted a temporary injunction restraining the Mississippi railroad commission from putting in effect its order to the Alabama and Vicksburg road and the Northeastern road directing an abolition of joint rates and the substitution of a continuous mileage tariff. The commission holding that the two roads are owned by the same parties and therefore are one road. November 10 has been set by Judge Niles to hear arguments on the on the injunction as to whether it shall be made a permanent injunction or be dissolved.

China Purchases Railroad.

New York, Sept. 9.—In the iffice of J. P. Morgan & Co., yesterday Sir Feng Tung Liang Cheng, Chinese minister to the United States made the first payment of the $6,750,000 which his government has agreed to give to reimburse the stockholders in the Canton-Hankow railway. None of those interested would make known the exact size of the first installment. Three months hence the final payment will be made and then the concession and the thirty miles of railway built will revert to the Chinese, who it is stated on good authority, intend to complete the railway which traversing the most thickly settled part of the Chinese empire is to be 250 miles in length.

FIGHTING CONTINUES AT BAKU.

Consulates, Banks and Government Buildings Heavily Guarded.

Baku, Caucasia, Sept. 9.—Street fighting continued until late last night. The consulates, banks and government buildings are guarded by troops.

Balakhan was completely burned out after the Tartars had plundered it of everything valuable, although shot down in masses by the artillery, the Tartars were not deterred from their work of wreckage and looting.

Fierce fighting and great slaughter occurred at the Balakhan hospital, where a thousand Armenians and workingmen gathered. General Shirinkin sent a detachment of artillery with three guns to the scene and the commander of the detachment summoned the crowd to surrender. The latter replied with volleys of stones, and some shots, which killed one of the gunners.

The commander of the troops thereupon opened fire. The first discharge of the three guns miscarried, the shells falling into th e sea, but the second discharge sent the shells crashing into the hospital where they exploded and killed an immense number of men and wrecking many buildings.

The maddened crowd charged the guns and captured them after deluging the gunners with burning oil. The latter fled. Cossacks and infantry reinforcements attempted to recapture the abandoned guns, but were driven back by the suffocating smoke.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

Killed His Divorced Wife.

Indianapolis, Sept. 9.—Alonzo A. Lewis, an employe in the undertaking establishment of J. R. Williams & Sons, killed his divorced wife, Nora Lewis, with a razor early today and then slashed his own throat, inflicting wounds which will prove fatal. The tragedy occurred in a lonely part of the city, adjacent to Garfield park, and evidently was the result of a quarrel. Blood stains were found on the buggy in which the woman was riding and there were other evidences of a fierce struggle.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Georgia Town Will Be Dry.

West Point, Ga., Sept. 9.—Recently Mrs. G. W. Poer, assisted by Mrs. J. D. Johnson and Mrs J. M. Poer, went to the mayor and council in behalf of prohibition. After having secured a petition, signed by about three-fourths or more of the tax-payers of the town, asking that the mayor and council refuse to grant license to sell liquors after the expiration of the present year, quite a number of temperance workers presented the same to this body in the general chamber. The mayor and council granted the petition.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from starvation; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

THE GEISHA GIRL.

It Takes Severe Training to Develop This Japanese Artist.

There are many geisha training schools in Japan, but the best of them all is, I think, the one in Kioto to which I, with some difficulty, gained admittance. It is apparently a delightful place, but it is a place of unremitting toil. The girls are apprenticed to these schools by their parents or guardians at the age oftentimes of six years, and for ten years at least they are put through such a course of training as would break the spirits of girls less inured to unquestioning obedience to authority. Their physical training is of great importance, of course, and each little girl must go through such exercises every day as will keep her little body flexible as rubber, and after that is finished she must devote her time to tasks that far exceed in difficulty any schoolgirl work imaginable to one of us.

No woman of ordinary mind can possibly become a successful geisha, because she must be able to acquire and make use of every kind of worldly knowledge which will lend to her conversation a vivacity and charm that will lead men to seek her society. The dancing and the music are the least of a geisha entertainment as it is understood by a Japanese. These are merely an accompaniment to the feast which is served by small apprentices, such little girls, indeed, as met us at the door of the wine red and iris purple tea house in Kioto, but after the feast the men must be entertained by interesting stories and bright repartee, and in this the girls are trained rigidly.—Eleanor Franklin in Leslie's Weekly.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Reciprocity In Chickens.

Poultry and the home orchard often make an excellent combination. The poultry stir the ground considerably, fertilize it and take an interest in the solution of the insect problem. There is reciprocity. The fowls need sunshine, shade, a range, scratch bed, grass and grit; the trees need scratching and fertilizing. Poultry seem to be especially valuable in the plum orchard; no curculio playing possum escapes them. Which animal to use for pasturing the home sod orchard is mostly a question of expediency. Before you decide this, however, go over the whole subject again and see if it will not be better to till the orchard after all.—Garden Magazine.

The First Steel Skyscraper.

The first steel skeleton building ever erected was known as the Tower building and stood on lower Broadway, New York city. When the architect submitted the plans for it to the building department in 1888 the members of the department were so puzzled that they had to turn the whole matter over to a special board of expert examiners. For the first time in the world a building had been designed in which the entire weight of walls and floors was supported by the steel skeleton, and the building laws contained no provision for such a structure. But the experts accepted the plans, and the modern skyscraper was born.

Lightning and Cities.

"Lightning never kills people in cities," said an insurance agent. "My company's statistics show that in cities there is practically no danger of death from lightning stroke.

"Look back and ask yourself if you ever heard of any one being killed by lightning on Broadway or in front of the Auditorium or on Beacon street or on Chestnut street or on Nicolet avenue. No. It is in the country or in little villages that the all dreaded thunderstorm does its deadly work.

"Why are cities in this way immune? Some say it is because they have no trees to attract the lightning. Some say it is because the cloud of factory smoke above their roofs is a protection."—Minneapolis Journal.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.
